

PUBLIC OUTREACH NOTICE

The California Department of Fish and Wildlife (CDFW) is in the process of writing Land Management Plans for Grizzly Island Wildlife Area and Hill Slough Wildlife Area. As part of that process, CDFW welcomes input from the public during the development of the plan. This distribution list will circulate opportunities including times and locations for public engagement with CDFW's land management staff and specialists.

If you would like to be on the mailing list for public outreach, please email LandMgmtPlanning@wildlife.ca.gov with your full name and which wildlife area(s) you are interested in or scan the QR code.
